

# University of Oklahoma College of Pharmacy Pre-Requisite Worksheet

Full admission information is available on our website at <http://pharmacy.ouhsc.edu>.

Date: _____		First Name: _____		Last Name: _____	
College(s) Attended: _____					
Degree(s): _____		Date(s) _____		Major: _____	
Overall GPA: _____		Pre-requisite GPA: _____		Science GPA: _____	
		Math GPA: _____		Last 60 Hours: _____	
PCAT Test Date: _____		PCAT Scores: Comp _____		CR _____	
		Bio _____		Chem _____	
		QR _____			

## PRE-REQUISITE INFORMATION

Math/Science Requirements	REQUIRED HOURS	COMPLETE (Y/N=Yes/No)	GRADE	HO UR S	SEME STER	YEAR
Calculus	3					
Physics	3					
General Chemistry I w/lab	4-5					
General Chemistry II w/lab	4-5					
Organic Chemistry I	3					
Organic Chemistry II	3					
Organic Chemistry Lab	2					
Biological Sciences	8					
Microbiology w/lab	4-5					
<b>Elective Requirements</b>						
English I	3					
English II	3					
Electives	24					

## ADDITIONAL PRE-REQUISITE INFORMATION:

1. All pre-requisite coursework must be completed at a regionally accredited U.S. college or university. OUCOP does not accept nor require WES evaluations of foreign coursework.
2. To be eligible for admission, applicants must be a U.S. citizen, U.S. permanent resident, or hold DACA status at the time of application.
3. These are minimum requirements. We highly recommend applicants also successfully complete a biochemistry course, at least one upper-level science, both human anatomy and physiology, and statistics. We also highly recommend applicants work toward a bachelor's degree (degree not required).
4. In order to best be prepared for pharmacy school and the PCAT, it is highly recommended that applicants complete general biology, microbiology, and at least either human anatomy or human physiology. Our first preference is for physiology if a student is unable to take both anatomy and physiology.
5. Electives can be chosen from these subject areas: Fine Arts (non-performance based), History, Political Science, Anthropology, Humanities, Geography, Philosophy, Literature, Social Science, Behavioral Science, Foreign Language, Communications, English. **A maximum of 9 hours in statistics, business, or computer science may be counted in the elective hours.** Students are expected to have a computer proficiency level at or above basic word processing skills. Students are encouraged to select a diverse set of courses as preference is given to those with a broad-based educational background that includes a diversity component.
